

ANNUAL REPORT OF CIS (2020-21)

“Together we can change the world, just one random act of kindness at a time.”

We delight in the beauty of the butterfly, but rarely admit the changes it has gone through to achieve that beauty. It is the changes that we all go through our lives that constantly improves us.

I take this opportunity to thank the Almighty Lord, for giving us strength in fulfilling our objectives to upgrade the level of school's standard for handling over the children and guiding all of us in establishing a Virtual Education Hub.

I take immense pleasure to present the Annual Report of our school, to apprise you all, how the mission and philosophy of Chistiya International School have materialized positively in the day to day working of our school in the voyage of the discovery of excellence in the field of education.

This year has been a very eventful one for all of us. We have made great efforts to inform ourselves completely into the CBSE's updated scholastic format and have been extremely successful in most of our endeavours. There have been many changes at school this year in terms of technology, communication, professional development, and above all - academics.

TEACHER'S PROFESSIONAL EXPOSURE:

“Teachers are also learners.” Staying updated is the key to success in any field. Teachers work together in various training sessions to align their curriculum and understand CBSE's updated scholastic pattern.

REMEDIAL CLASSES:

We cater to students from all sections of society, and we recognize this as a challenge and have actively worked to develop systems and processes to deal with this issue by taking extra remedial classes.

COMMITTEES:

In order to enhance the efficiency of learning and teaching, various committees were formed, and in-charges were allotted for different work areas:

- Disciplinary committee
- Students' safety and security committee (POSCO)
- Sports committee
- Talent search program
- School Magazine committee

STAFF MEET:

The main objective to organize staff meet is to evaluate the progress and drawbacks and thus to search new ways to improve on that particular aspect. It is to evaluate how far the policies implemented, proved useful and what measures to be taken keeping in view ensuring the accomplishment of the areas lagging behind.

CO-CURRICULAR ACTIVITIES, EVENTS AND CELEBRATIONS:

By providing a conducive and encouraging environment, the students are mentored to participate in a variety of events. It enables the students to grow in confidence, knowledge and enhance their all-round development.

The school strives to build humanity where faith is integrated with daily life. We have proactive teachers working to deal with the blooming buds of pre-primary and primary. They enjoy different activities like:

- Dancing
- Singing
- Rhymes Reciting
- Story-telling

Assemblies are an essential part of school, for they not only promote a sense of collective belonging to the school, but also educate the students in various ways. Students were asked to seek the blessing of the Almighty before beginning the day.

Attendance is a vital part of the academics as it promotes a sense of regularity in the students. This led us to celebrate Virtual Champions Day in which the students who were regular throughout the month were awarded with e-certificates.

Various clubs such as:

- Phonetics Club
- Art Club
- Debate Club
- G.K Club
- Virtual Tour
- Music Club

were introduced for skill development & to generate inquisitiveness & interest & encourage students to bring out their creativity.

To ensure that our students are equipped to face any challenge, we have focused on few student enrichment programs which are as follows:
